

SDG12

How can I repurpose and
upcycle the foam fruit
net?

Introduction

Foam fruit nets are notoriously difficult to biodegrade, so that begs the question: How do we reuse them so as to reduce possible environmental impacts?

Introducing...

ECO-FRIENDLY TOY STUFFING

Source: WallpaperFlare

1. Find a stuffed toy that needs repairing

Source: Wikimedia Commons

2. Cut the foam nets up into little pieces
and stuff them inside your old toy.
